BESPOKE CHANGES AND INTERFACING

We are happy to provide a quotation for bespoke add-ons to our standard software, including interfacing to or from partner systems. Our rates are very reasonable and we have seasoned developers with a wealth of experience across different platforms, complexity and means.

ANNUAL MAINTENANCE & SUPPORT

This includes all interim builds of the software in the support year available for download from our secure ftp site. Support includes access via e-mail, fax or telephone to our Helpdesk during normal office hours. All logs are managed and dealt with in priority and classification. Defects will be serviced for free; enhancements and changes may be chargeable.

NOTES on price changes from 2016 to 2017

All Profess for Windows products' Annual Maintenance & Support Fees are indexed-linked to national indexes (the ONS Annual Survey of Hours and Earnings (we applied our snapshot of the annual figure on the previous year as at 21st November 2016, which the ONS set at +2.4%) and are adjusted annually for the support year.

Time Manager is available separately from the Profess Office Costing, as a stand-alone solution – see separate price list or visit www.profess.co.uk
